Pharos

*The promise you make to your students is powerful.
We are committed to making it possible.*

Pharos 360

- Identify your at-risk student population by leveraging your frontline staff and faculty
- Manage case notes, contacts, progress and referrals with robust case management tools
- Build campus partnerships, increase communication, & coordinate engagement
- Measure student and program successes with intuitive dashboards and ad hoc exports

TimeFree

- Create personalized availabilities and appointment types
- View student schedules and find open times to meet with ease
- Send email notifications for new appointments and changes
- Capture appointment status and notes in Pharos 360 log
- Sync with Outlook™ and Google™ Calendars

Pivot

- Identify students with conduct issues easily and efficiently
- Create customized forms with campus-specific policy infractions
- View timeline of updates, contact records, and team comments
- Securely upload and attach documents, pictures, and files to a student's record
- Manage access to private details related to conduct issues

Present

- Log classroom attendance using a mobile friendly interface
- Provide faculty automatic access to their class rosters
- Save, share, and display current and historical attendance data
- Send automatic notifications to students about daily attendance
- Notify faculty of excused absences with "Travel Letter" functionality
